### Characters

**Goku:** A male Saiyan and the main protagonist of the Dragon Ball Z series. Cheerful, tenacious, and a bit naive, Goku is a Saiyan originally sent to Earth as an infant with the mission to destroy it. However, an accident alters his memory, causing him to grow up pure-hearted and later become Earth's greatest defender, as well as the informal leader of the Z Fighters. Throughout his life, he trains hard and constantly strives to be the greatest warrior possible and to fight stronger opponents, which has kept the Earth and the Universe safe from destruction many times.

**Vegeta:** The prince of the fallen Saiyan race and the deuteragonist of the Dragon Ball Z series. Regal, egotistical, and full of pride, Vegeta was once a ruthless, cold-blooded warrior and outright killer, but later abandons his role in the Frieza Force, instead opting to remain and live on Earth, fighting alongside the Z Fighters; all the while striving to become the universe's most powerful warrior, specifically with the mission to defeat and surpass Goku in power. His character evolves from villain, to anti-hero, to a hero through the course of the series.
